

SYNDICAT DÉPARTEMENTAL CGT DES PERSONNELS ACTIFS ET RETRAITÉS DU DÉPARTEMENT DU VAUCLUSE

Message of solidarity from the CGT union of territorial staff of the Department of Vaucluse to PAME and Greek workers for their current strike and struggle in defence of Social Security.

Avignon (France), 21/02/20

The CGT union of territorial staff of the Vaucluse Department expresses its support and solidarity with PAME, the unions and workers for their day of action and strike on 18 February 2020.

Workers in Greece, young people and pensioners are intensifying their struggle against the government's bill to completely privatise social security. The workers and the people of Greece demand free social security for all. Health - Social protection must be exclusively public and free of charge.

In France, as in Greece, our governments in the service of big business and under the yoke of the European Union are pursuing the same policies; the workers are fighting the same battles.

Fraternal greetings of struggle.

PASCAL Annabelle.
For the Executive Committee of the CGT trade union.

Event 20/02/20 à Avignon (France).
